

Rose Hill Middle School School Supplies List

The following are common supplies that every student will need for the first day of school at Rose Hill Middle School. We would like you to be able to take advantage of the best sales during the summer by providing this list in advance. Purchasing items on this list should ensure that the most important items are acquired for the start of school. Additionally, certain supplies such as paper, pencils and pens need to be replenished throughout the year. Stocking up on these necessities might be a good idea!

Once school starts, teachers will provide a list of any specific items needed for their classroom.
